

MINISTER

MINISTRY OF EDUCATION  
GOVERNMENT OF THE  
PEOPLE'S REPUBLIC OF BANGLADESH

I am pleased to learn that East West University is going to hold their second Convocation on 20th May, 2003.

An enabling environment for the establishment of private universities was provided during the tenure of the last Government headed by Hon'ble Prime Minister Khaleda Zia. This was in conformity with the Government's desire to permit the private sector to play its due role in providing higher education. The far-sighted policy of the-then BNP Government is bearing fruit. Today, many private universities are providing quality higher education and fulfilling the needs of society, complementing the efforts of the public universities.

We hope the private universities will take advantage of this policy of the government and emerge as centres of excellence in education.

I hope the new graduates will utilize what they have learnt during their years in the University to face the challenges of the twenty-first century. They should not only strive to excel in the careers they may choose, but also contribute to society of which they are an integral part.

I wish the graduating students every success in their future endeavors.

Allan Hafez, Bangladesh Zindabad.
