PEOPLE'S REPUBLIC OF BANGLADESH

Welcome the 3rd Convocation of East West University.

I sincerely hope that the efforts made by East West University in creating and nurturing a sound academic environment would go a long way in widening the scope of higher education in the country. It will also help to develop the country's human resource which is essential for socio-economic development of Bangladesh. I share the happiness with the parents, guardians, faculty members, management and graduates of East West University on the occasion of the Convocation.

Congratulate the Graduates and wish them a better future.

Waban Hafeez, Bangladesh Zindabad.
