The Convocation

The Convocation, a long established tradition in universities all over the world, is a great festival observed by academia where degree candidates are presented by the university faculty and administration to the degree awarding body of the university and degrees are ceremonially awarded. The Chancellor of the university who heads this body confers the degree as recommended.

Degree Awarding Authority

The Chancellor, the Pro Vice Chancellor, Members of the Board of Directors, Dean of Faculties together with the Heads of Academic Departments constitute the Degree Awarding Authority of East West University.

The Academic Procession

The Academic Procession is a part of the Convocation all around the world. It is a colorful but solemn event where graduating students, faculty members of the Academic Council, members of the Board of Directors, and senior administrative staff of the university participate.

The participants in their ceremonial dresses join the convocation procession, and enter the convocation hall. The Registrar who is also the Convocation Marshal leads the procession into the hall. The degree candidates take their seats in an area of the hall reserved for them.

Faculty members join the procession in ascending order of seniority; they enter the hall and take their seats alongside the degree candidates; they are followed by the members of the Academic Council.

The Chancellor enters last in the company of the Education Minister, the President of the Board of Directors, the Pro Vice Chancellor, the Convocation Speaker and the members of the Board of Directors of East West University.

Once the procession has reached the designated area and all are in place, the formal Convocation Ceremony begins. The Pro Vice Chancellor, President; Board of Directors, Convocation Speaker deliver their addresses. Then the graduating candidates are presented to the Chancellor for the award of Degree Conferment. Then a student selected from the graduating class as the valedictorian addresses the gathering, then the Education Minister. The Honorable Chancellor of the university delivers his address last. The Convocation Marshal conducts the session.

At the conclusion of the ceremony, the Chancellor, the Education Minister, the President of the Board of Directors, and the Pro Vice Chancellor of East West University and other dignitaries leave the site of the ceremony in procession, followed by faculty members and the Graduating Students. The ceremony concludes when the procession departs from the hall.

Academic Apparel

The academic apparel of East West University has been specially designed, though it corresponds closely to the academic regalia used in most American and Commonwealth universities. The gowns worn by participants are generally black, but designs vary. The colors of tassels and the hoods distinguish faculty members of one department from those of other departments.

The Hood, which resembles the medieval cowl, is the most distinctive feature of the academic regalia. Its satin panel is visible from the front and indicates the general field of a degree by its color.

The Convocation apparel for all bachelor degree candidates is black, and they will don black square mortarboards on their heads. The colors of the tassels on their mortarboards indicate their fields of study.

Scholarship and Financial AID

East West University offers merit scholarships and need-based financial assistance to deserving students. Every semester the university distributes at least 5% of its total earnings among 10% or more of its students. In order to be able to further support and nurture the middle class merit, particularly from outside the metropolis, the Board of Directors of East West University has set up a fund called "The East West University Medha Lalon Fund" with an initial endowment of Taka one and a half crore.

Merit Scholarships

According to the provision of the Private University Act 1992, private universities must provide scholarships to 5 (five) percent of its tuition revenue to poor but meritorious students. Since its inception, East West University adopted a policy not to pay any profit or dividend to its sponsor directors but to use a large part of its operating surplus towards nurturing middle class merit. In the last four years, the scholarship and financial aid policy of

East West University has proved to be a great encouragement for the meritorious and the financial income deficient students. Benefits have been awarded in the following forms:

Merit Scholarships are awarded as per the following criteria:

1. A+ grade in most recent HSC examination and 4 As in "O" level and two As without any score below B in "A" level examination get a full-year tuition waiver scholarship beginning from first semester. The scholarship is extendable under '2' below.
2. Top 10% (based on merit) students of each batch of each Department completing at least 30 credits during the immediate past year get merit scholarships for 30 credits for the next three consecutive semesters.
3. Two best results in undergraduate and one best result in graduate Admission Test.

Directors Scholarships

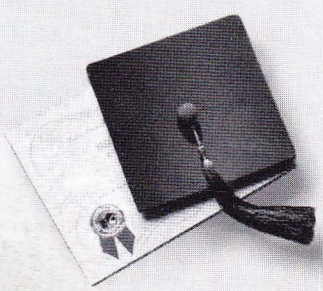

Each of the fifteen Founder Directors of the university shall, at a point of time, award one full tuition waiver scholarship to a student or split this into two for two half tuition waiver scholarships. This is renewable on expiry unless the recipient performs poorly.

Financial Aid

(a) Family Concession

For a second child of the same parents studying simultaneously at East West University, the second one is entitled a half tuition waiver. The benefit commences on the date of admission of the second child and ceases on the discontinuation of the study of anyone after his/her graduation or for any other reason. This benefit may extend upto the third child of the same parents under the above mentioned conditions.

- (b) At the beginning of each semester the university considers, on application in prescribed forms, granting of financial aid to deserving students primarily on need-based consideration but requiring a minimum CGPA. The applicants achieving the minimum prescribed CGPA of 2.50 in the last academic year (30 credits in three consecutive semesters) with demonstrated financial need are awarded part of the tuition for the next thirty credits, the actual amount often depends on the number of applicants and availability of funds [5% of tuition revenue net of funds locked for 1(a) and 1(b) but excluding 2]

The following table shows the number of recipients of various scholarship and financial aids in the last four years:

Sl. No.	Particulars	2000		2001		2002		2003	
		No. of Students	Taka	No. of Students	Taka	No. of Students	Taka	No. of Students	Taka
1	Merit Scholarship	29	1,262,300	42	1,882,400	50	2,660,650	82	4,439,550
2	Medha Lalon	--	--	--	--	--	--	30	720,600
3	Financial Aid	43	756,600	66	1,551,850	70	1,673,800	127	2,033,900
4	Half Tuition Waived	33	835,900	47	1,253,200	60	1,543,800	90	2,382,975
5	Directors Quota	-	-	4	163,800	16	923,600	22	1,099,400
6	Annual Discount	-	-	-	-	15	205,100	15	285,800
	Total	105	2,854,800	159	4,851,250	211	7,006,950	366	10,962,225
	Percentage (%) of Total Income	5.02%		5.57%		5.92%		6.75%	

It is evident, the university policy is quite generous in nurturing merit with amounts beyond the 5 percent of tuition income prescribed by the authorities.

It is also worth noting that the university encourages, as a conscious policy, enrolment of meritorious students who are also, therefore, beneficiaries of the scholarship and financial aid program.

The Medha Lalon Fund

In order to be able to further the support towards nurturing the middle class merit, particularly from outside the metropolis, the Board of Directors of East West University set up

in 2002 a facility called the East West University Medha Lalon Fund with an initial endowment of taka one and a half crore. The Board has already sanctioned an amount of taka one crore twenty lakhs from the operating surplus of the university. Five generous persons/organizations have contributed a combined amount of taka twenty-seven and a half lakhs. Some more contributions have been finally committed.

From the annual earnings of the East West University Medha Lalon Fund already deposited in a five year 12 percent per annum Scholarship Deposit Account of Mercantile Bank, need-cum-merit based financial aid would be awarded in the following names:
