## Message

I am delighted to know that East West University is going to hold its 12th Convocation. On this auspicious occasion I would like to extend my heartfelt congratulations to all graduating students, their proud parents and respected teachers as well as all members of the administration. In particular, I would like to congratulate the very able members of the Board of Trustees of the University. It gives me immense pleasure to note that East West University, since its inception, has been playing a significant role in imparting meaningful education to its graduates who have already proven their worth, shouldering many responsibilities in their careers at home and abroad.

The new graduates of this university, I am confident, will apply their acquired knowledge and skills towards building a prosperous Bangladesh and help everybody realize that though we have a long way to go towards a future with more quality education, we can move resolutely forward toward a just, tolerant and egalitarian society.
